NOTES

1. This publication provides lists of all officers on active duty. Active duty officers are shown in three categories: (1) Lineal list officers defined in Title 10, U.S. Code, Section 5504; (2) Officers of the Naval Reserve assigned to active duty in connection with training, administration, and recruiting of the Naval Reserve (TAR's); and (3) Women officers appointed under Title 10, U.S. Code, Section 5590, and nonlineal list Women Reserve Officers.

2. The lineal numbers assigned consist of a whole number and a sub-number. Use of this sub-number permits additions to the official lineal list, TAR program or nonlineal women officers list, without requiring renumbering of the lists each time a gain occurs. Numbers may not be consecutive but they always will be sequential. For example, an officer with a number and sub-number of 08939–40 is senior to the officer with a number of 08939–82. An officer with a number of 08902–05 would be senior to both, if of the same corps. Staff corps officers on the lineal list having the same date of rank and the same line running mate as defined in notes 4 to 7 below, rank according to seniority of corps as follows:

Medical Corps	Dental Corps
Supply Corps	Medical Service Corps
Chaplain Corps	Nurse Corps
Civil Engineer Corps	

3. Officers in the grade of Ensign commissioned with a date of rank between 1 January and 31 December 1958 take precedence among themselves in the order of alphabetical listing of names within date of rank until the determination of precedence in accordance with current regulations. Therefore, lineal numbers have not been assigned to ensigns with dates of rank in 1958, except student officers with designators 1915, 1925, and 1945.

4. The running mate for a lineal list staff corps officer is the lineal list line officer not restricted in the performance of duty whose lineal number and sub-number is sequentially immediately ahead of the staff corps officer.

5. The running mate for a TAR officer is the lineal list line officer not restricted in the performance of duty whose lineal number and sub-number is sequentially immediately below that of the TAR officer.

6. The running mate for a USN nonlineal list woman staff corps officer is the USN nonlineal list woman line officer not restricted in the performance of duty whose lineal number and sub-number is sequentially immediately ahead of the staff corps officer.

7. The running mate for a USNR nonlineal list woman officer is the USN nonlineal list woman line officer not restricted in the performance of duty whose lineal number and sub-number is sequentially below that of the USNR woman officer.

8. The lineal numbers assigned herein become effective on 1 July 1959. These numbers are in lieu of signal numbers used prior to the 1 January 1958 Register. Although TAR's and women officers as defined in Title 10, U.S. Code, Section 5504 are not lineal list officers, they have been assigned a lineal number for the purpose of convenience in determining their relative seniority.

9. The star symbol (☆) printed immediately preceding the name indicates that the officer has been selected for promotion to the next higher grade. Attention is invited to the fact that some selectees will have been promoted by the time the Register becomes effective, or will be promoted subsequent thereto, and that lineal numbers in these cases will not indicate the proper lineal position and/or seniority.

10. The Current Source Code listed in column four indicates the public law or procurement program under which each officer received his present commission. The laws and programs listed below are not all presently in effect.

11. The two-digit number appearing in column five headed "Service Date" indicates the date from which an officer's commissioned service is deemed to have commenced for the purpose of determining eligibility for continuation on the active list or separation from the active list as defined in Title 10, U.S. Code, Sections 6387 and 6388. This date is always 30 June of the year indicated. Service date is not applicable to temporary officers, reserve officers, warrant officers, or women officers appointed under Title 10, U.S. Code, Section 5590.

12. On 31 December 1958, the junior unrestricted line officer for whom a vacancy existed under the permanent USN grade structure had a lineal number in each grade as follows: Rear Admiral 00189–00; Captain 02455–00; Commander 11174–50; Lieutenant Commander 22510–25; Lieutenant 37086–00. Permanent USN staff corps officers whose running mates are eligible for permanent promotion are also eligible.

13. The date shown in the column headed "Pay Entry Base Date" in the precedence list is the date which reflects all service for pay purposes. In the case of medical or dental officers the date shown in this column includes any portion of medical school and internship or dental school while not a member of the Armed Forces. The asterisk printed between the day and year of the Pay Entry Base Date indicates that the officer, while serving in pay grade O–1E, O–2E, or O–3E, is credited with over four (4) years active enlisted service for pay purposes.

14. The date shown in the column headed "Active Duty Base Date" in the precedence list is the constructive date active duty was first performed as a medical or dental officer.

15. Regular Navy and Marine Corps retired officers, including those officers on the Temporary Disability Retired List, are shown only in the index of this volume and do not appear in the main body. Future plans provide for publication of a separate volume listing retired officers only.

16. Errors or omissions should be reported by letter to the Chief of Naval Personnel, Attention Pers–19233.

17. Distribution of this publication is made to ships, aircraft squadrons and staffs in accordance with allowances published in BuPers Instruction 5601.1 of 10 December 1953, and to shore activities in accordance with allowances based on established needs. Commanding officers of ships and stations needing copies in excess of established allowances should make letter requests to the Chief of Naval Personnel, giving justification of need for the additional copies.

18. For the U.S. Marine Corps, distribution of this publication is made to units and organizations in accordance with the List of Marine Corps Activities, Publications Allowance and Distribution, Part II (Rev. 10–57). Organizations needing copies in excess of established allowances should make letter requests to the Commandant of the Marine Corps (Code ABP), giving justification of need for the additional copies.
